

SEHAR FATIMA

Aspiring Data Scientist | Machine Learning | Deep Learning | Generative AI

Email: seharseharfatima6@gmail.com | Phone: 0314-3565682 | Mian Channu, Pakistan
LinkedIn: linkedin.com/in/sehar-fatima-0419bb380

Professional Summary

BS Mathematics student at Bahauddin Zakariya University, Multan, with a strong foundation in mathematics, statistics, data analysis, machine learning, deep learning, and generative AI. Experienced in building AI-powered applications, predictive analytics solutions, and research-based projects. Passionate about solving real-world problems through data-driven decision making and intelligent systems.

Education

BS Mathematics — Bahauddin Zakariya University, Multan (2022–2026) | CGPA: 3.52/4.00 after 7 semesters

FSc (Pre-Engineering) — Superior College, Mian Channu | 895/1100

Matriculation — Government Girls Model High School, Mian Channu | 814/1100

Technical Skills

Python, Data Analysis, Statistics, Machine Learning, Deep Learning, Generative AI, Artificial Neural Networks (ANN), Predictive Analytics, Google Colab, GitHub, Microsoft Office, Graphic Designing

Soft Skills

Analytical Thinking, Problem Solving, Critical Thinking, Research Skills, Communication Skills, Team Collaboration, Presentation Skills, Time Management, Adaptability

Featured Projects

AI-Based MCB Bank Customer Attrition Prediction & Retention Intelligence System (Final Year Project)

Developed a machine learning-based system to predict customer churn, support retention strategies, and generate business insights.

Functional Analysis of Turbine Blade Cracking at Tarbela Dam, Pakistan

Applied mathematical modeling and functional analysis techniques to investigate turbine blade behavior and reliability.

MathForgeAI – AI-powered mathematics assistant deployed on Hugging Face.

FastBot – Generative AI chatbot application.

FastLingo – AI-powered language interaction platform.

RAG Application – Retrieval-Augmented Generation based AI system.

ANN Prediction System – Deep learning project using Artificial Neural Networks.

Achievements & Recognition

- Recipient of Prime Minister's Youth Laptop Scheme 2025
- Developed multiple AI and Generative AI applications
- Experience presenting academic and research projects

Certification

Graphic Designing Certification — Al-Huda Technical Training Institute

Languages

Urdu (Native), English (Professional Working Proficiency), Arabic (Basic)
